We are presenting a poster about our recent data fusion methodology ([ArXiv preprint](http://arxiv.org/abs/1307.0803)) at [RECOMB Conference](http://www.compbio.cmu.edu/recomb/). Thanks to [Prof. Blaz Zupan](http://www.biolab.si/en/blaz/) for the storyline and [Prof. Richard H. Kessin](http://www.cumc.columbia.edu/dept/gsas/anatomy/Faculty/Kessin/) for valuable comments. xkcd.com served as an inspiration of poster design ([HiRes](http://www.compbio.cmu.edu/recomb14/zitnik-zupan-recomb14.png)). See also other post ([part I](http://www.compbio.cmu.edu/recomb14/parts/part1.php?option=com_content&view=article&id=96:recomb-2014-pittsburgh-pa)) about our RECOMB paper.

Best Poster Award at [RECOMB 2014](http://www.compbio.cmu.edu/recomb/)!
